PROJECTS

You Tube Clone Website

- Integrated the YouTube API into the frontend architecture, enabling the retrieval and display video data, enhancing user engagement and intuitive user interface with React.js, focusing on modular and reusable components
- Dynamically populating the platform with trending videos, recommended content, and personalized suggestions based on user preferences and viewing history

Ecommerce-Website

- Developed a feature-rich E-commerce platform ensuring an intuitive and engaging shopping experience and implemented the user Interface with React components using the React.js framework
- Updated and maintained the e-commerce website with new products, promotions, and an effective user authentication system

Real-Time-chatbot

- Architected a dynamic real-time chatbot leveraging React.js for an interactive UI, Socket.io for seamless real-time communication Node.js for efficient server-side processing, and MongoDB for scalable data storage
- Advanced messaging capabilities, incorporating secure user authentication and comprehensive message history, enhancing overall user experience

EDUCATION

Tontadarya college of Engineering Gadag

2020-2024

Bachelor of Engineering [CS] — (8.2 CGPA)

Gadag, Karnataka

Coursework: Algorithms and Data Structures, Operating System, Database Management Systems, Computer Networks.

Vagdevi Pu Science College Bagalkot

2018-2020

Senior Secondary — 80.3%

Bagalkot, Karnataka

Sri Annadaneshwar gov high school Belur

2017-2018

SSLC — 83.5%

Belur, Karnataka

HOBBIES & INTERESTS

- ❖ Interact with people
- ❖ Travelling
- ❖ Reading
- ❖ Learning languages

ACTIVITIES

- ❖ Participated in National Project Exhibition
- ❖ Conducted Coding Workshops
- ❖ Competed in Hackathons
